

ACC Dismissal Policy

We support our practices in their incredible work to care for their member(s)/ patient(s). We also realize that from time to time a member may need to change PCMPs. We remain committed to assuring every member is cared for in the best setting for their needs. Therefore, we offer the following guideline for dismissal from a participating ACC PCMP practice.

Dismissal of patient from practice

If a PCMP believe they need to dismiss a Regional Accountable Entity (RAE) patient from their practice, we are requesting notification such that we can coordinate care and help them get connected to another PCMP. This information will be tracked to identify trends with difficult cases if future ACC program disenrollment becomes necessary. Below is the procedure we ask that you follow in the event that you will need to dismiss a member from your practice.

Procedure

1.0 1ST WARNING (VERBAL) TO RAE MEMBER WHEN THEY VIOLATE PCMP'S POLICY(IES)/PROCEDURE(S)

- 1.1 PCMP gives the RAE member a verbal warning noting the policy(ies)/procedure(s) the RAE member has violated.
- 1.2 The PCMP notates the RAE member's chart including the date of the verbal warning and a copy of the policy(ies)/procedure(s) the RAE member has violated.
- 1.3 You may skip 1.0 in the event that:
 - 1.3.1 There is imminent aggressive and threatening behavior to either the RAE member or the PCMP staff, and/or
 - 1.3.2 The police are involved when the policy(ies)/procedure(s) is violated.

2.0 2ND WARNING (WRITTEN TO RAE MEMBER WHEN THEY VIOLATE PCMP'S POLICY(IES)/PROCEDURE(S) A SECOND TIME

 - 2.1.1 The PCMP must notify the RAE member in writing to include the date of the 1st verbal warning and a copy of the policy(ies)/ procedure(s) the RAE member has violated; and
 - 2.1.2 The PCMP must notate the RAE member's chart to include a copy of the written warning and the date the violation occurred, as well as a copy of the policy(ies)/procedure(s) the RAE member has violated.
- 2.2 You may skip 2.0 in the event that:

 - 2.2.2 The police are involved when the policy(ies)/procedure(s) is

3.0 FINAL WARNING AND RAE MEMBER DISMISSAL WHEN THEY VIOLATE PCMP'S POLICY(IES)/PROCEDURE(S) A THIRD TIME

- 3.1 If and when the RAE member violates the PCMP's policy(ies)/procedure(s) a third time, the PCMP must:
 - 3.1.1 Notify the RAE member in writing to include the date of their 1st verbal warning, their 2nd written warning, and include a copy of the policy(ies)/procedure(s) the RAE member has violated; and
 - 3.1.2 Explain the dismissal process to the patient in writing along with providing them the information regarding their options on how to select a new PCMP (either contact Health First Colorado or Colorado Access care management); and
 - 3.1.3 Notate the RAE member's chart to include a copy of the written warning and the date the violation occurred, as well as a copy of the policy(ies)/procedure(s) the RAE member has violated.
- 3.2 In the event that there is imminent aggressive and threatening behavior to either the RAE member, other clients within the practice, of the PCMP staff, and/or the police are involved when the policy(ies)/procedure(s) is violated, the PCMP may have skipped 1.0 and 2.0. However, at this time, the PCMP must:
 - 3.2.1 Notify the RAE member in writing to include the date that the violation occurred and include a copy of the policy(ies)/procedure(s) the RAE member has violated; and
 - 3.2.2 Explain the dismissal process to the patient in writing along with providing them the information regarding their options on how to select a new PCMP (either contact Health First Colorado or Colorado Access care management); and
